

2020-05-08 BC's Restart Plan

Since the College's last communique (May 5), Premier Horgan, with Minister Dix and Dr. Henry, announced [BC's Restart Plan](#) - a process for the gradual return to business that could begin after the May long weekend, subject to the status of COVID-19.

The CNPBC has been collaborating with BC's regulatory colleges, government, and other stakeholders to develop guidance for registrants in anticipation of the gradual re-opening of in-person naturopathic practices.

The CNPBC is mindful and supportive of this safe return to practice, believing that the priority of all naturopathic doctors is safety for the public, patients, and registrants. In this time of transition, registrants should continue to follow the current Provincial Health Officer's (PHO) direction until the CNPBC provides you with more specific guidance about any changes to the existing guidelines.

The CNPBC will keep registrants up to date with more specific guidance and information as it becomes available. Please visit our website for the latest COVID-19 updates here: <https://www.cnpbc.bc.ca/covid-19-nd/>.

We all know how challenging these last few months have been. Should you have further questions, please email us at office@cnpbc.bc.ca.
